Gold Silk Lifting Cream

Silky and Bright

Blossom delicate and glowing skin

Combine Golden Silk Extract, Glutathione, Hydrolyzed Collagen, Rose PDRN, NMN and Asiaticoside and other skincare ingredients for silky and delicate skin. Help to maintain skin moist and color.

The Concept is "Silky bright X Luxury Skincare". Combine various rare ingredients and herbal extracts for highly extendable transparent essence. Allow skin to be tender and bright with daily use. Make your skin silky and glow with natural color.

Main Ingredients and Feature

1. Golden Silk Extract

From natural silk protein. It is rich in amino acid and skincare elements. Allow skin to be silky and smooth.

2. Glutathione

Gentle conditioning ingredient to skin. Help skin to be bright with natural healthy color.

3. Hydrolyzed Collagen

Moisturizing and conditioning ingredient. Allow skin to be smooth and silky.

4. Rose PDRN

Herbal extract. It can help to maintain skin smoothness and to be delicate. Reveal natural glowing.

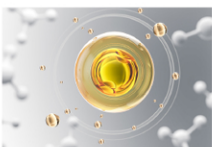

5. NMN5. (β -Nicotinamide Mononucleotide)

Derivative of vitamin B. Help skin color to be even and bright with soft radiance.

6. Asiaticoside

Herbal soothing element. Allow skin to be silky and smooth.

7. Sodium Hyaluronate

Effective moisturizing element. Provide skin with brightness and smoothness by maintaining moist.

Texture and Feedback

Refreshing and smooth texture. It has good absorption without stickiness. Allow skin to be bright and smooth after use. Reveal delicate and natural glow.

Perfect for

People who want to maintain skin tenderness, bright and delicate skin. Recommend daily use for dry and aging skin.
